To Whom It May Concern:

It is with my professional pleasure that I am able to recommend Mr. Michael Arnold and Intrepid Security for services pertaining to the installation and monitoring of security equipment for businesses.

Mr. Arnold and Intrepid Security have served as the Fort Worth Cats official security provider for the past two baseball seasons and is now preparing to enter the third season. Mr. Arnold and the Staff of Intrepid Security are always personable, professional and eager to accommodate my security needs. Many of their projects included extra ordinary installations and multiple changes at my request. The staff of Intrepid Security was always enthusiastic and diligent in completion of all tasks.

Sincerely,

John P. Bilbow
Vice President of Sales Marketing
Fort Worth Cats Baseball Club
