Re: Intrepid Security and Protection

To Whom It May Concern:

I am the owner of Gittings Portraiture in Fort Worth, Texas and a client of Intrepid Security and Protection. Intrepid has been monitoring my studio since 2005 and continues to provide me with prompt and professional service.

During a string of robberies on the west side of Fort Worth, I felt confident that our studio was in secure hands with Intrepid. I can rest easy knowing that their alarm-monitoring center will notify both the police and myself, if a break-in occurs. Furthermore, my employees feel safer since having the ability to summon the police, fire and medical services at the touch of a button.

Intrepid also maintains an excellent staff of knowledgeable customer service associates, service technicians and monitoring center personnel. They are readily available to meet my needs and always treat me with courtesy and respect.

I would recommend Intrepid Security and Protection to anyone searching for a reputable alarm installation and monitoring company. They are a local family owned and operated business that is committed to quality service and honesty in all aspects of their operations. Please feel free to contact me if I can answer any further questions concerning their work.

Sincerely,

Rick Bettinger  
Owner
