To Whom It May Concern:

I am writing this letter in emphatic support of Intrepid Security and Protection's services. For the last few years, my company has utilized Intrepid's security installation and monitoring services and we have been completely satisfied with the degree of protection that they provide. I have especially been impressed with their attention to detail. In fact, when it came time for me to install a system in my residence, I called them to put in the system and to monitor my home. If the fact that I am entrusting them to impart a degree of protection of myself, my wife, and my kids is not a strong testimony to my impression of their services, I don't know what else I could say! From the promptness of their installation, to the vigilance of their monitoring, to the degree of customer service, the whole package is with Intrepid.

Sincerely,

---
