Dear Sirs,

It is our privilege to inform you our appreciation on the quality door access system you have installed for VIA Technology CPU, Inc. Your prompt response and flawless workmanship are remarkable. Although this is the first time you have installed a door access system on the glass doors, the quality of the work was super. We are impressed with the outcomes and how well the system performs. A special thank to Mr. Michael Arnold for his professional and excellent service to complete the project on time.

We definitely will recommend your company to others for your outstanding services. Please feel free to use our information for your future business reference.

Best Regards,

A handwritten signature in black ink, appearing to read 'Judy Yen', is written above the printed name.
